@LidstromR

WHO AM I?

Senior Developer with a demonstrated history of working in the financial services industry, both on the bank side and on the exchange side. Skilled in resilient distributed system architecture, Java, Spring Framework and Databases.

Lately I've been working as a senior developer with two different projects that have allowed me to explore more UI development as well.

Keyword: JAVA, Spring MVC, Postgres, SQL, Tomcat.

EXPERIENCE

2022 – full time	Developer Senior Developer	Skatteverket
2019 – 2022 2y 5m	Developer Lead developer for two projects where I am involved in the entire development cycle, from start to finish.	ITS
2019 10m	Developer Java Developer on legacy systems, onboarding from Cinnober.	Nasdaq
2012 – 2019 6y 9m	Developer Cinnober is an independent technology provider which serves marketplaces, clearing-houses, banks and other actors that have extreme demands on business functionality, high throughput and low latency. I was heavily involved with technical testing of core systems.	Cinnober
2008 – 2012 3y 8m	Developer The work here is the continuation of the work I did for Lehman Brothers.	Nomura
2007 – 2008 1y 7m	Developer Worked as a Developer at the multinational investment bank Lehman Brothers. At Lehman, I worked with different projects and have been involved in the development and maintenance of several financial database applications with demands on performance as well as a web interface facing internal clients. Most of the work was done in Java or in the in-memory database language Q/KDB+. Responsible for 24/7 operations of time critical applications.	Lehman Brothers
